# PROPERTY INSPECTION TOOLS

**WE USE INDUSTRY MOST ADVANCED  
& CUTTING-EDGE GRADE TOOLS**

PROPERTY  
INSPECTORS.ME

**Thermal Imaging camera**  
to detect temperature variation

**Socket Tester**  
to check electrical sockets

**Endoscopy Camera**  
to take pictures inside ducts & drains

**Infrared Thermometer**  
to measure temperature from a distance

**Moisture Meter**  
to measure moisture content

**Anemometer**  
to measure wind speed & airflow

**Digital Water Tester**  
to measure water quality

**FLIR Thermal Imaging Camera**  
to measure moisture, leakages, heat intrusions

**Gas Meter**  
to detect hazardous gas presence

**Sound Meter**  
to measure noise levels

**Non Contact Voltage Tester**  
to detect voltage without touching

**Laser Distance Meter**  
to measure dimensions using laser technology

**Level Meter**  
to detect if surfaces are level

Helps retrieve metal objects

**High Intensity Flash Light**
